Experience the Healthcare You Deserve

Referred Patients Receive Extra Care

Coordinated Care at Hospitals and Skilled Nursing Facilities

If you need to be admitted to a hospital or skilled nursing facility (SNF), we have partnerships with local facilities where we can help you manage your care.

Seamless Transitions

Clinical coordinators communicate with your doctors and case managers:

- Support your transition to another facility or home
- Clarify your medications and discharge instructions
- Educate you on your symptoms
- Coordinate medical devices, home care and social, behavioral and pharmacy support

Family and Caregiver Support

We provide you, your family, and your caregivers with the support and resources you need. We welcome family and caregivers in all visits and discussions.

Comprehensive Medication Management

Our pharmacists can review your prescription and over-the-counter drugs to ensure that your medications are:

- Appropriate for your diagnosis
- Effective treatment
- Safe to reduce adverse events

Chronic Illness Support

Our Advanced Illness Management (AIM) Team can help you:

- Manage symptoms for chronic illness such as cancer, heart disease, dementia, or others
- Connect you to social services
- Help inform decisions about your care

Tandigm Patients Get Extra Care, Based on Your Unique Needs

We Help You Get Healthy and Stay Healthy

We focus on results from:

- Screenings and immunizations
- Annual wellness checkups
- Comprehensive exams
- Extra services to help you get and stay healthy

Team Approach

Referred patients get extra care and support at no additional cost. Our expert team supports your doctor and may include:

- Nurse Care Managers
- Pharmacists
- Social Workers
- Behavioral Health Clinicians
- Registered Nurses

Home Care

Team members may call you or visit your home as needed to support your care.
